**SOCIAL HOUR**—6:30 p.m., Sunday evening, April 17, at Sale Headquarters, Hotel Tangney.

THIS WILL BE A NEAR DISPERSION of the Claymore herd which includes the herd bulls, all the young bulls, the show herd, all the brood cows, and bred and open heifers. By, near, we mean that we are retaining a few cattle which are several older cows and some that are slightly incapacitated for physical reasons and condition due to age. However, they will still produce a calf so we will just retain them rather than try to move them.

ALSO, STEVE CLAUSEN, who will spend his next several years as an officer in the Armed Forces, wishes to keep his half dozen cows. So, we will be in the Shorthorn business but on a very limited scale.

WE REGRET that the labor situation forces us to make this decision because the Shorthorn business has been a part of our entire adult life. We sincerely feel that the herd is now in the strongest position it has ever been. Therefore, we would rather share it with others than have it deteriorate due to lack of insufficient help to care for it right as it has been cared for in the past. We believe the records and reputation of this herd speaks for itself so no more need be said.

Our greatest pleasure would be to have you with us on April 18th.

FLOYD CLAUSEN

ARLAN CLAUSEN

Homer Duea, Herdsman

All statements made with respect to the Claymore Farms near dispersion, I know, are sincere and correct. There is no question that this herd is one of the good, sound, progressive herds of the breed. It is so because Claymore Farms have worked hard to make it that. The selection of herd bulls has been expert and fortunate. They have done what was expected of them, and more. The female foundation of the herd is of the finest imported and American bred background.

This herd represents the knowledge, experience and hard work of expert cattlemen. The show, sale and breeding records of the herd are well known. The best recommendation for Claymore productions is their many satisfied customers who have benefited by the use of this proven seed stock.

To those who are familiar with Claymore Shorthorns, this should be enough said. To those who are not, it is time to come and see for themselves. All owe it to themselves to be on the seats sale day.

ALBERT J. HAMANN, SALE MANAGER

**BORSOTA RANGER**—The grand champion bull of the 1965 Sioux Empire Fair. His sire was the \$2,200 Borsota top in 1962 Eldak sale at Valley City, and has proven to be one of the good breeding sons of the great Shirgarton Ranger. His dam is by the Kansas City American Royal and Denver National Western first prize winner, and Minnesota State Fair junior champion, Claymore Governor. This bull is thick, deep, heavy boned and one of the best headed and thickest quartered bulls of the breed. Only 2 years old, his first calves are outstanding and will sell at foot of dams. At least 20 females will carry his valuable service. A great young herd bull for some good herd.

GLOSTER WILD ROSE—This sweet little heifer was the reserve champion female at the 1966 Interstate sale at Sioux City where we purchased her because of her ideal show type and conformation. She is sired by Brentwood Wildfire who is by the same sire as many of Roger Applegate's Denver and State Fair show winners have been. Her dam produced a steer that won his class at the 1962 International and is a granddaughter of a \$3,000 Sioux Empire sale top. This is a great show and breeding prospect. Ideal for club work.

# STANDARD GUARANTEE

## Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such cash is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
